A Registered Psychotherapist is a psychotherapist listed in the State's database and is authorized by law to practice psychotherapy in Colorado but is not licensed by the state and is not required to satisfy any standardized educational or training requirements to obtain a registration from the state.

A Certified Addiction Counselor I (CAC I) must be a high school graduate or equivalent, complete required training hours and 1,000 hours of supervised experience.

A Certified Addiction Counselor II (CAC II) must be a high school graduate or equivalent, complete the CAC I requirements and obtain additional required training hours, 2,000 additional hours of supervised experience and pass a national exam.

A Certified Addiction Counselor III (CAC III) must have a bachelor's degree in behavioral health, complete CAC II requirements and complete additional required training hours, 2,000 additional hours of supervised experience, and pass a national exam.

A Licensed Addiction Counselor must have a clinical master's degree meet the CAC III requirements and pass a national exam.

A licensed Social Worker must hold a master's degree from a graduate school of social work and pass an examination in social work.

Client Intake Form

A licensed Clinical Social Worker must hold a master's or doctorate degree from a graduate school of social work, practiced as a social worker for at least two years, and pass an examination in social work.

A Psychologist Candidate, a Marriage and Family Therapist Candidate, and A Licensed Professional Counselor Candidate must hold the necessary licensing degree and he is in the process of completing the required supervision for licensure.

A Licensed Marriage and Family Therapist must hold a master's or doctoral degree in marriage and family counseling, have at least two years post-master's or one year post-doctoral practice and pass an exam in marriage and family therapy.

A Licensed Professional Counselor must hold a master's or doctoral degree in postdoctoral practice, and pass an exam in professional counseling.

A Licensed Psychologist must hold a doctorate degree in psychology, have one year post-doctoral supervision, and pass an examination in psychology.

I have a Bachelor of Science degree from Seton Hall University, a nationally accredited institution and a Masters in Psychology from California Coast University (CCU) which is accredited by the state of California and the Distance Education Accrediting Commission (DEAC). DEAC was established in 1926 in Washington, D.C. and gained approval of the U.S. Department of Education in 1959 giving CCU access to all government tuition programs as well as the G.I. Bill. CCU credits and degrees are recognized for promotion, assignment and position qualification standards within the U.S. military and Federal government. The Masters program than I completed required 36 credit hours of study for completion.

As a Registered Psychotherapist, I am regulated by the Mental Health Licensing Section of the Division of Professional and Occupations. The State Board of Registered Psychotherapists, can be reached at 1560 Broadway, Suite 1350, Denver, Colorado 80202.

I consider myself a Adlerian Psychologist and use techniques to help neutralize self-defeating patterns. The techniques I employ the most are Neuro-Emotional Technique, which I have used for over 26 years and Emotional Freedom Technique, which I have used for over 16 years. Before either technique is employed, an explanation will be given so that you understand the procedures. All sessions are 50 minutes in duration at a charge of \$95.00 per session. Sessions begin on the hour and end 10 minutes before the next hour. If you arrive late, the session will still end at the regular time and the charge will still be for a full session. There are no set amount of sessions as each individual is different. You may seek a second opinion or stop care at any time.

You may seek a second opinion from another therapist or may transfer therapy at any time.

In a professional relationship, sexual intimacy is never appropriate and should be reported to the board immediately. This also includes the two years after care is completed.

The information provided by the client during a therapy session is legally confidential, in accordance with CRS 12-43-218 except for certain legal exceptions and will be identified by me, if any such situation should arise during a therapy

I am a registered psychotherapist listed in the state's database and am authorized to practice psychotherapy in Colorado but am not licensed by the state and not required to satisfy any standardized educational or testing requirements to obtain registration from the state.

I have read and understand the above statement and agree to enter into therapy.
